The Welland Safe Community Partnership (WSCP) is hosting an information session for Welland seniors tomorrow at 6 p.m. in the Civic Square community room, 60 East Main St.

"Our seniors' safety sub-committee has been working diligently to develop and inform Welland's seniors of safety-related programs and services," said Coun. Pat Chiocchio, WSCP chair.

"This information session is one more step in bringing all of the pieces together."

Some of the topics to be covered at the information session include: fall prevention, community support for seniors/caregivers, crime/fraud prevention and a WRAP program.

"The WRAP program is a Wanderer's Registry of All Persons that is in place in Grimsby right now. We've invited the former chair of Grimsby Community Policing to tell us more about the program and to gauge the interest of Welland's residents about starting a similar program here."
